## Our Priorities

To achieve our vision and purpose, our strategic priorities for the next five years are:

- Continue to grow our biennial conference so it becomes the pre-eminent professional development opportunity in the Asia-Pacific region for clinicians and researchers working in the field of Cerebral Palsy and child-onset disability.
- Implement our online strategy to expand education support to offer multiple options to members.
- Build affiliations with high quality organisations/initiatives/programs to enable face-to-face learning and networking opportunities in non-biennial conference years.
- Strengthen our strategic leadership and operational performance through the adoption of best practice governance and administration structures and processes.
- Achieve recognition as the impartial peak body in the industry in relation to evidence-based practice in the field of Cerebral Palsy and developmental disabilities within the Asia-Pacific region.
