

AusACPDM Listening and Sharing session

“Diagnosis vs Functional Thinking”

Join us in our free listening and sharing session

October 6th, 4.30pm Australian EST

The aim of our AusACPDM Listening and sharing sessions are to share our experiences and learnings on an area of practice. We encourage health professionals and people who have &/or care for children and adults with a disability to join us.

Topic information: This session will be held on World Cerebral Palsy Day and will involve a panel of health professionals and consumers discussing “diagnosis vs functional thinking” in how we promote excellence in clinical care and research for children and adults with cerebral palsy and developmental conditions.

Speakers: Professor Christine Imms (Occupational Therapist and Apex Chair of Neurodevelopment Disability, MCRI & Uni Melbourne)

Dr Mary-Clare Waugh (Paediatric Rehabilitation Physician, Children’s Hospital Westmead)

Dr Gordon Baike (Paediatrician, Royal Children’s Hospital)

John Carey (Physiotherapist, PhD Candidate Uni Melbourne)

The session will be facilitated by: Professor Alicia Spittle
