## Dispatches From An Information Dessert: Framing CP As Adults

Join us in our free listening and sharing session

**27<sup>th</sup> April 4:30pm Australian EST**

The aim of our AusACPDM Listening and sharing sessions are to share our experiences of living with CP as adults. We have an interest and want to be active in advocacy both for ourselves and the wider community.

**Topic information:** Cerebral Palsy is a complex condition to live with, made more so by the fact that it encompasses such a broad spectrum of experiences & realities. Adults living with CP become responsible (by default) for articulating and advocating for themselves within systems not built for continual experience of childhood-onset disabilities. Hannah and Amy bring together both their personal experiences and professional interests to discuss the key elements of this topic.

**Speakers:** Amy Hogan and Hannah Diviney

**The session will be facilitated by:** Petra Karlsson and Sarah McIntyre
