

AusACPDM Listening and Sharing session

“Meet the Editor of Developmental Medicine & Child Neurology”

Join us in our free listening and sharing session

Wednesday 29th June at 4.30pm Australian EST

The aim of this AusACPDM “Ask me anything/ Listening and Sharing” session is to share our experiences and learnings about publishing in journals including Developmental Medicine and Child Neurology

Topic information: Following the successful “Ask me anything” session with Professor Bernard Dan at our AusACPDM/IAACD Conference, we have invited him back for another session where participants *can ask anything* about publishing. We will discuss how to get your work published, how to be a good peer-reviewer and many more hot topics in publishing.

Speaker: Professor Bernard Dan

The session will be facilitated by: Professor Alicia Spittle
