

# AusACPDM Listening and Sharing session

## “Implementing and evaluating PROMs and PREMs in practice: challenges, opportunities and future directions”

Join us in our free listening and sharing session

**27<sup>th</sup> July 4.00pm Australian EST**

The aim of our AusACPDM Listening and sharing sessions are to share our experiences and learnings.

**Topic information:** This presentation will give an overview of evidence regarding effectiveness and implementation of PROMs and PREMs in routine practice. The ways in which feedback of information from PROMs and PREMs to clinical teams might work to improve care will be discussed. Also covered will be: how to choose an appropriate PROM, strategies to assist in using PROMs and PREMs in practice, how to evaluate the use of PROMs and PREMs in practice, and alternative methods of engaging patients and families to monitor outcomes.

This presentation will be of interest to those already using PROMs and PREMs in practice or planning to do this. It will also be of interest to researchers wishing to evaluate the effectiveness or implementation of these measures in practice.

The presentation will be relevant to all health professionals regardless of discipline and will focus on paediatric health care.

**Speakers:** Dr Zephania Tyack (Senior Research Fellow in Implementation Science, AusHSI, QUT)

**The session will be facilitated by:** Associate Professor Leanne Sakzewski
