

AusACPDM Listening and Sharing session

Hot off the press - findings from the 2023 Australian Cerebral Palsy Register Report

Join us in our free listening and sharing session

4pm 22nd February Australian EST

This interactive AusACPDM Listening and Sharing session will include:

An update on prevalence of cerebral palsy (CP) in Australia

Responses of people with lived experience to these findings

How CP registers are being used in research

New results from international CP surveillance collaborations

Opportunities to ask questions and discuss findings throughout

Topic information: This session will be of interest to clinicians, researchers, students and people with lived experience.

Presenters include: Hayley Smithers-Sheedy, Sarah McIntyre, Georgie Henry

The session will be facilitated by: Shona Goldsmith
